

Zdanis USANA Team Fast Start Checklist

As a USANA Distributor Associate, you are an independent business person free to build your business however you choose, within USANA Policies and Procedures. The following checklist is a recommended guideline for those who want to build their business as quickly and efficiently as possible, based on our 22 years of USANA experience. While we are always available by phone or email to assist you in building your USANA business, we recommend that you work closely with your USANA sponsor (if not us) as well as other direct upline members in developing your business goals, and your plan to achieve those goals.
